OLCAA of East Oak Lane

The East Oak Lane Paper

A Word from our President

By: Kim Robertson

“To be in the pursuit of something better takes a vision and the courage to follow through.”

Kim Robertson, the newly elected President of OLCAA, has earned her place in any conversation when it comes to leadership.

I have broken several glass ceilings in the process. Having a can-do attitude and plenty of faith in good people is what gave me the courage to take on this position. I have also been a resident of East Oak Lane for twenty-five years.

I believe that a thinking team plays the most important role in every successful organization. When I say team, I don't just mean members of the board, but OLCAA members and the rest of the community. I believe that we need to encourage our young people to join OLCAA and to have them participate in many of the community decisions and functions.

My main objective is to increase the membership, but also to provide fresh ideas that will make our neighbors want to join OLCAA or return as a member again.

I don't believe in the cliché of “this is how we always did it;” but perhaps, “let's try something new” might work, because the former sure hasn't. I want your help to make OLCAA one of the best recognized community organizations around.

Another objective is to bring in corporations, resources and partners, who will give us meaningful information that can help us individually and as a neighborhood. If

we want to maintain our neighborhood as a pretty decent place to live, we need to get involved with our neighborhood organization.

I want more people to visit our website www.olcaa.org and stay tuned to upcoming events in East Oak Lane. On September 21, 2019, “Oak Lane Day” will be taking place on the 6600 block of Lawnton Avenue. The time will be from 12:00 until 6:30 PM and this year's theme is “Carnival.”

We hope that everyone will come out and bring their children or grandchildren. There will be clowns, stilt walkers, moon bounce, face painting, as well as other entertainment for children. Also, please stop by our “All About Philly” tent that is one of our main attractions for adults. Interested in being a vendor? Please see the application enclosed in this newsletter. If you would like to be a volunteer at the event, call 215-224-2777 and leave a message.

OLCAA's Members Come Through the Storm!

By: Smiley Ferebee

On Wednesday, May 29, 2019, OLCAA held its' Annual General Membership Meeting at the Oak Lane Presbyterian Church at 6637 North 11th Street. The meeting started at 7:00 PM with a big bang, literally! Well, a severe thunderstorm started at the same time that is. Nevertheless, members were still able to listen to the candidates and cast their votes. The 35th Police District sent Lieutenant Bisarat Worede #72 to take questions and listen to the concerns of our neighbors. A reception followed at The Oak Lane House, 6635 North 11th Street, with refreshments and great conversations.

The 2019 OLCAA Board of Directors is as follows:

OLCAA would like to thank you for your continued support! Thank you to those of who renewed your membership, to those who became first-time OLCAA members, and to those who

take the time out of their busy schedule to attend and or volunteer for OLCAA functions. You are the neighbors who understand that this kind of support is needed to maintain the standard of quality of life we've been afforded through our various committees mentioned above.

OLCAA is an RCO (Registered Community Organization) and, therefore, is a recognized voice to city officials. Your dues help us to continue to grow and serve the residents of East Oak Lane through forums and community meetings. It helps to maintain our new website, www.olcaa.org and publish our very own newsletter. Not many neighborhoods can say they have what we have.

We invite you to join us! For more information contact us at 215-224-2777 or email us at olcaa.eol@gmail.com.

10th Annual Holiday Blood/Clothing Drive

By: Peggy Runde Weston

The 10th Annual Holiday Blood Drive/Coat Drive/Sock Drive will be held on Saturday, December 7, 2019, from 10:00 AM – 3:00 PM at the Oak Lane Presbyterian Church. We are so proud of the way Oak Lane comes out to support this community service! It is the organization's way of helping our neighborhood get into the "giving mood" by gathering donations that help families and Senior Citizens in our extended neighborhood and hospital patients throughout the city. The American Red Cross has a great need for blood donations during the holiday season. Each pint of blood donated can help up to 3 patients, when it is split into its factors.

So, as you clean out your closets and get your fall wardrobe

together, please put aside gently worn coats for adults and

Share life
Give blood

children plus any scarves, hats, caps, gloves, and mittens that you no longer need. The

clothing will be distributed to needy families by the Germantown Avenue Crisis Ministry at Germantown & Cheltenham Avenues, which provides meals and counseling services.

Those who have no outerwear to share, please consider bringing new socks for adults. They will be donated to Senior Citizens at the nursing homes in East Oak Lane and to homeless men at Whosoever Gospel Mission on Cheltenham Avenue.

As added incentive, we will be holding a raffle for anyone who donates blood and/or clothing. So, please plan to participate in this annual holiday event!

If you have any questions, please call Peggy or Jon Weston at 215-224-4547.

Our Community Cook Book is a Hit!

By: Peggy Runde Weston

East Oak Lane Cooks, our community cook book, will be available at Oak Lane Day at the OLCAA tent. The cook book sells for \$10. The purchase price includes one free download of the cook book for your phone or notebook, or you can gift it to your favorite techie.

The cook book was front and center at the Taste of East Oak Lane on June 29. Neighborhood contributors of recipes prepared their dishes and shared them with event participants. Partakers were treated to almost 20 dishes, from ox tail soup to jackfruit sliders to bread pudding. Once they had

sampled these scrumptious treats, they moved to The Oak Lane House for wine pairing with chocolates and cheeses. The whole experience was a tasty delight!

For cook book delivery or mailing to those who have traveled away from our neighborhood, call Peggy Weston at 215-224-4547. You can also call the OLCAA hotline 215-224-2777 or send us an email olcaa.eol@gmail.com with your name, address, phone number and the number of copies needed.

East Oak Lane Got Served!

By: Smiley Ferebee

Not many neighborhoods can say they can go to a *Jazz Concert* every third Monday night at the Oak Lane Presbyterian Church, be part of an Oak Lane Community Action Association's *Members Only Dinner* held in April, have an *Oak Lane Day Festival* (47 years and running!) in September, or attend an upscale event like the *Snow Ball* every January. I'm starting to realize the cultural haven we have amongst us right here in East Oak Lane.

On June 29, 2019, at the Oak Lane Presbyterian Church at 6637 North 11th Street and "The Oak Lane House" at 6635 North 11th Street, East Oak Lane had its first in a series of food and wine tasting events. OLCAA's Housing & Zoning

Committee, chaired by Frieda Williams, hosted a "Taste of Oak Lane." Over a dozen contributors of our very own neighborhood's "East Oak Lane Cooks" cook book served up their very own recipes featured in the cook book. After enjoying some of the best food in town from our very talented and generous neighbors, attendees went next door for the finale of the evening. There were five outstanding wines featured and paired with an array of quality cheeses, fruit and chocolate. Guests were attentively served while participating in great conversations. There were many debates on what flavor notes their palates identified and liked or did not like.

Attendees even got a chance to win a prize by guessing the price of the wines.

Guests made it known that they wanted more of these experiences. We are planning an "Oktoberfest" themed event soon, a Wine & Friday Night Takeout and a Wine with Desserts. If you would like to have a fun experience in your very own neighborhood with no parking fees, no traffic jams and would like the opportunity to mingle with terrific folk, let us know by calling the hotline at 215-224-2777, or you can email us at olcaa.eol@gmail.com. Visit our website at ww.olcaa.org!

Monday is the Night for Jazz

By: Jon Weston

On the third Monday of every month, you will hear jazz music coming out of the Oak Lane Presbyterian Church auditorium, located at 6637 North 11th Street. The Oak Lane House is sponsoring this music series. There is a different jazz

group performing each month, sometimes featuring vocalists. You will be tapping your toes to the music from 7:30 - 9:30 PM, with one intermission to enjoy light refreshments. The doors open at 7:00 PM and the cost is \$15 per person. If you have

questions or would like to reserve seats, please call 215-224-4547.

Boy Scouts of America—East Oak Lane's Troop 19

By: Al Mitchell

East Oak Lane's Troop 19 encourages young males between the ages of 11 and 17, along with parents/guardians, to come and join us on Saturdays at the Oak Lane Presbyterian Church, located at 6637 North 11th Street. We meet

from 10:00 AM to 11:30 AM. The new session begins on September 14, 2019. You may call ahead for more information at 215-927-0231, ask for Scout Master Al Mitchell.

OLCAA Members

By: Earlene Mitchell

Many of you renewed your memberships and some of you became new members with OLCAA, so we would like to thank all of you for your commitment to this organization. That commitment helps us to maintain our community. Thanks again for your membership pledge and dedication!

Community Yard Sale

By: Jon Weston

The Oak Lane House (TOLH) is having its third Community Yard Sale on September 14 from 10:00 AM to 2:00 PM. The event will be held at 6635 North 11th Street (next door to the Oak

Lane Presbyterian Church). If you have items in your house that are just adding to the clutter, consider setting up a table at the Yard Sale. The cost is \$20 and we will provide the

table. Food will be available. If you don't want to have a table, then consider donating items for TOLH to sell. Call 215-224-4547 to discuss delivery.

6400 Camac Street Block Committee Back to School Drive

By: Connie Vales, Block Captain

For many years, the 6400 Camac Street Block Committee (CSBC), has taken the lead on facilitating a Back to School Drive for Elwood School, our neighborhood school. On the first day of school last year, we delivered backpacks filled with starter supplies to the students of Elwood. We also distributed backpacks with supplies to our neighborhood students at the Oak Lane Day Festival. This year, we will be collecting school supplies again, such as

pencils, marble & spiral notebooks, glue sticks, safety scissors, rulers, crayons, erasers, and the like. Many students run out of supplies around January, so in past years, we have made donations to Elwood students twice a year and are planning such a distribution this year.

We will be collecting supplies starting now and will continue to collect all year long. CSBC will have a table at the Oak Lane Day Festival in September

and we encourage neighbors to stop by and drop off school supplies. In the meantime, to drop off donations please contact Ms. Connie Vales (Block Captain) at 215-470-4259 or Ms. Smiley Ferebee (OLCAA's Vice President) at 267-237-5350.

OLCAA would like to offer a special heartfelt thanks to the following people who donated goods or services to our neighbor. Thank you so much for your contributions!

- * Captain Jose Aguilera of Trader Joe's in Jenkintown
- * Residents Daria Soroka and Richard Stephens
- * Sommelier Jessica Staley of Whole Foods Market in Jenkintown

5G—Why We Should Be Concerned

By: Eric Brice

This article is Part 1 of a continuing series.

5G, which stands for "fifth generation," is an upcoming standard for mobile telecommunications service that promises to be significantly faster than today's 4G technology. It will allow users to browse the Internet, upload or download videos, and use data-intensive apps or features, such as virtual reality, much more quickly and smoothly than is possible now. 5G technology will utilize a higher-frequency band of the wireless spectrum called 'millimeter wave' that allows data to be transferred much more rapidly than the current lower-frequency band dedicated to 4G. 5G will elevate the mobile network to not only interconnect people, but also interconnect and control machines, objects, and devices - referred to as "IOT," the Internet-of-Things.

It will deliver new levels of performance and efficiency that will empower new user experiences and connect new industries. 5G is 100 times faster than 4G, which means the EMF frequency is that much more intense. With all the facts being touted about the benefits of 5G, few people are talking about the enormous amounts of

scientific data documenting the carcinogenic health effects EMF wave radiation has on humans, animals and plants. We have already been steadily exposed to constant bombardment of 2G, 3G and currently, 4G LTE radio waves for some time now, however, the cell towers that transmit the RF waves can be located miles apart to cover a large area and are less intense. The general public is not aware of the effect this technology is having on their physical health over time, and that's a major issue of why we all should be concerned.

One of the many documented downsides is that millimeter wave signals don't travel as far. The new 5G networks will require many more (small cell) antennas spaced much closer together than previous wireless generations. In this instance, closer means anywhere from 500 to 1,000 feet apart. That means, in a densely populated

urban neighborhood, one "small cell" antenna would be installed on every lamppost and utility pole, on every block, in every community. Imagine, we will be constantly exposed to these more intense millimeter RF waves, 24 hours, 365 days, broadcasting from the utility pole just outside your front door.

Wireless companies and even government websites, such as the CDC and EPA, will lead you to believe that the radiations emitting from the 5G networks is safe. But over 215 scientists from 40 different countries have appealed to the United Nations for urgent action to reduce the EMF (electromagnetic field) exposure emitting from wireless sources. These scientists also submitted a letter to the FCC, asking the body to consider health risks and environmental issues before rapidly deploying 5th generation wireless infrastructure.

All of these scientists have conducted EMF studies and published their results in peer-reviewed journals that show adverse biological and health effects caused through EMF sources developed by humans.

I hope that I've gotten your attention! If you want more information, email me at 35dtwnet@gmail.com.

News from the Friends of the Oak Lane Library

By: T. Michael Poxon, President and Marita Krivda Poxon, Secretary

When fall arrives, the Friends of the Oak Lane Library have much to do to gear up for this busy season and help support our fantastic Carnegie Library which opened its doors back in December 1911. We will participate in Oak Lane Day on September 21st with a Big Book Sale and Chess Tables for all who wish to play. We will also host our Oak Lane Library Birthday Party on December 7, 2019, the 108th Birthday of our great library.

It is important to remember some of the Oak Lane library's summer events and thank our great librarians, Deb Ahrens, the Branch Manager, and Karen Orzechowski, the Children's Librarian, for their summer programs. The slate of wonderful summer programs that they have held included their Digital Media Workshop, their Science in the Summer program for kids, their movie series 50 Years Ago, Films about 1969, their Oak Lane Bibliophiles Book Discussion evenings and many more.

We would also like to thank Fred Ginyard, North Central Community Organizer, for his great work for our branch and for his enthusiasm for our work. Fred has written up, helped distribute and participated in A Community Survey which was done during the summer months. The results of this survey, with many responses, were gathered by Fred and sent to the main branch for tabulation. Fred shared these results with the Friends at the end of July. The community can look forward to new programs that the Oak Lane Branch will develop from these responses in upcoming months. The Friends of the Oak Lane Library will support these programs fully!

The Oak Lane Library held the June Jawn Kickoff Event on Monday afternoon June 3, 2019. The Friends held a Big Book Sale after a massive clean-up was done by Friends Lisa Kelly and Sheila Blackman. Many thanks to them! Later that same afternoon, Harriet Atkerson invited many

East Oak Lane writers to sell and talk about their published books including: Sharon Wilson, Vernita Hall, Harriet Atkerson, Marita Krivda Poxon and others.

June Jawn Kickoff Party. From the left: Michael Poxon, Sharon Dennison, Charlie Philips

The Friends also would like to thank the many Friends of the Oak Lane Library who renewed their memberships sending in their checks, which the Friends use to fund the support given to the branch. Thanks to all of you! It is definitely not too late to send in your membership renewals or new memberships for the 2019-2020 year.
